

What will your family need to know when you die?

The death of a family member is not only an occasion filled with sorrow, but one that almost always is surrounded by confusion. One of the ways to help lighten the burden for your survivors is to make available to them the vital information they must have to carry out their obligations at the time of death.

This Vital Information Record has been reproduced here as a public service. Print it, complete it, and keep it in an accessible place (not your safety deposit box). Review the record from time to time to be sure it is up to date. Most of the information will be needed for official records and having it quickly available to your family, along with suggestions for your funeral, will be helpful to them. Or you may wish to file a copy with Wilson Funeral Home if you have selected us as your funeral director.
